

MINDGROVE

- Chennai, India
- Established in 2021
- Backed by IIT-M incubator
- Design innovative SoCs and hardware in India, for the world!
- Realise SoCs based on F.A.C.T.S
 - Flexible
 - Adaptable
 - Cost efficient
 - Trust Worthy
 - Scalable

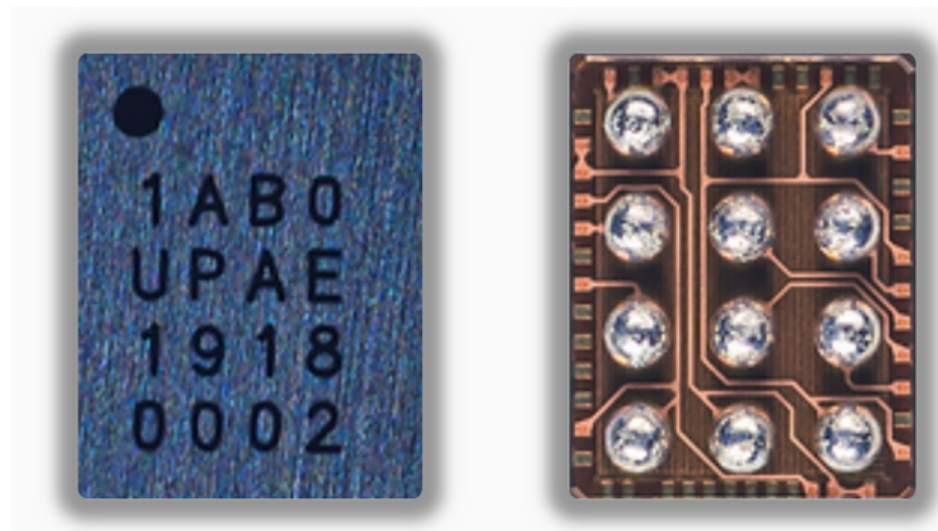

Product: Secure IoT

- Smallest in its class
- Better battery life and lower cost.
- Hardware accelerated encryption to keep data safe.

SYNTIAN T

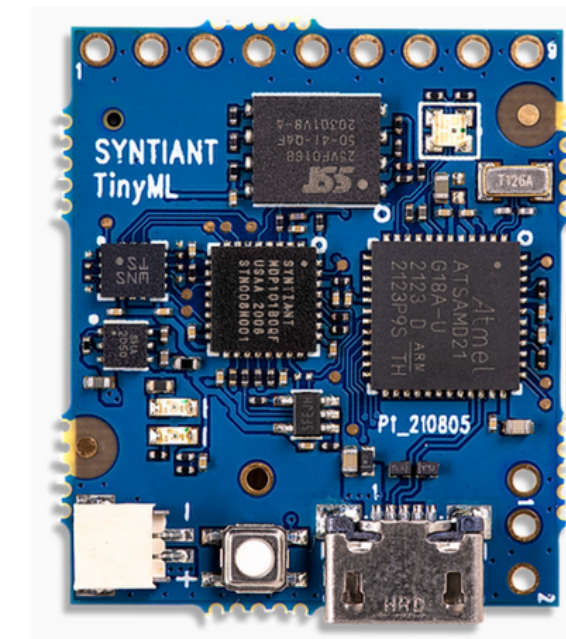

- Irvine, CA
- Produces Neural Decision Processors that deploy deep learning models
- Applications: Intelligent processing of audio, video, speech etc

NDP 100

(Speech Recognition)

Keyword spotting, speaker identification
